Search

Browse

Download thousands of medical illustrations, videos, interactive tools, and monographs of anatomy, physiology, embryology, surgery, trauma, pathology, diseases, conditions and other topics.

The *Scientific & Medical ART Imagebase (SMART Imagebase)* created by Nucleus Medical Art, provides a comprehensive collection of downloadable medical illustrations and animations. In this tutorial, you will learn about using some of the features of the *SMART Imagebase*, including conducting basic searches and viewing and downloading images and animations.

heart

[Browse](#)

Download thousands of medical illustrations, videos, interactive tools, and monographs of anatomy, physiology, embryology, surgery, trauma, pathology, diseases, conditions and other topics.

We'll begin by conducting a basic keyword search for images related to cancer. Type your keyword(s) into the **search box** and click the **magnifying glass**.

Gastroesophageal Reflux Disease (GERD): Heartburn

Gastroesophageal Reflux Disease (GERD) Heartburn. This medical illustration pictures a body outline with the stomach and esophagus with the mechanism of gastroesophageal reflux. With the stomach contracted, the stomach contents are shown pushing past the weakened lower esophageal sphincter into the esophagus. Labels identify the esophagus, lower esophageal sphincter, acid and stomach contents backing up into esophagus and stomach contracted.
