# LEADERSHIP IN PRACTICE

**Leadership** is a process of social influence, which maximizes the efforts of others, towards the achievement of a goal.

A **leader's** most important **role** is to **provide clear and compelling direction**.  
... **Leaders** ensure that all followers **understand, embrace, and work toward** achieving those objectives. And they **provide momentum, sharing and celebrating progress** toward achieving company goals, setting new targets, and **providing needed resources**.

# LEADERSHIP IN PRACTICE

"Leadership is not about  
titles,  
positions,  
or flowcharts.  
It is about  
one life  
influencing  
another."

**IT IS ABOUT MANAGING LITTLE  
LITTLE THINGS  
EXTRAORDINARY**

# LEADERSHIP IN PRACTICE

**RESPECT + TRUST = HARMONY**

**Value-based leadership** is the idea that leaders should draw on their own and followers' values for direction and motivation.

**HOW DO WE DO THAT?**

# a) Ownership and Accountability

## Definition:-

### What is it?

A sense of personal responsibility for getting things done and being accountable for outcomes, with a willingness to assume broader responsibility even in the face of demanding circumstances for the greater good of the whole organization.

### Why does it matter?

Drives a culture of ownership across the organization and encourages decision making with acceptable risks. This allows individuals to grow and improves efficiency and effectiveness in business delivery.

## Competency:-

### 1. Basic

#### Willingly Commits

- Takes personal responsibility for delivering result
- Measures self by the results produced

### 2. Competent

#### Accepts Responsibility

- Able to make decisions and take full responsibility for the outcome of the decision, whether positive/negative
- Accepts failure and is able to constructively internalize it as feedback for the future

### 3. Strength

#### Assumes Broader Responsibility

- Assumes responsibility for outcomes related to organization effort, beyond one's immediate area of responsibility
- Holds self accountable for the success/failure of outcomes, even when the outcomes are not necessarily within the direct control of the individual

### 4. Exemplary

#### Goes beyond Role Responsibility

- Does more than is typically required in a given situation
- Assumes responsibility beyond the scope of expectations
- Maintains momentum under highly demanding / adverse circumstances

# Reading the Competencies

## Each competency consists of:

- A **definition** of what the competency means.
- A **behavioral scale**, which describes the different levels of behavior for competency. There are four levels for each competency, and as you progress along the levels you will see **increase complexity of the behavioral indicators**.
- **Eg Ownership and Accountability Competency Definition:-**

### What is it?

## TOPIC 6: LEADERS AS TRANSFORMATION CHAMPION

Be a Change Champion  
Your Leadership Role

When an oPTAR's is faced with adjusting to change, a crisis situation often develops. The Chinese have a revealing way of expressing the word crisis:

The upper character represents DANGER, while the lower character conveys hidden OPPORTUNITY. Managers responsible for implementing changes within their organizations encounter the same options suggested by the Chinese symbol dangerous negative results or positive new opportunities.

**CHANGE**  
Challenge the  
status quo!

## PTAR STRATEGIC INTENT

### OBJECTIVES

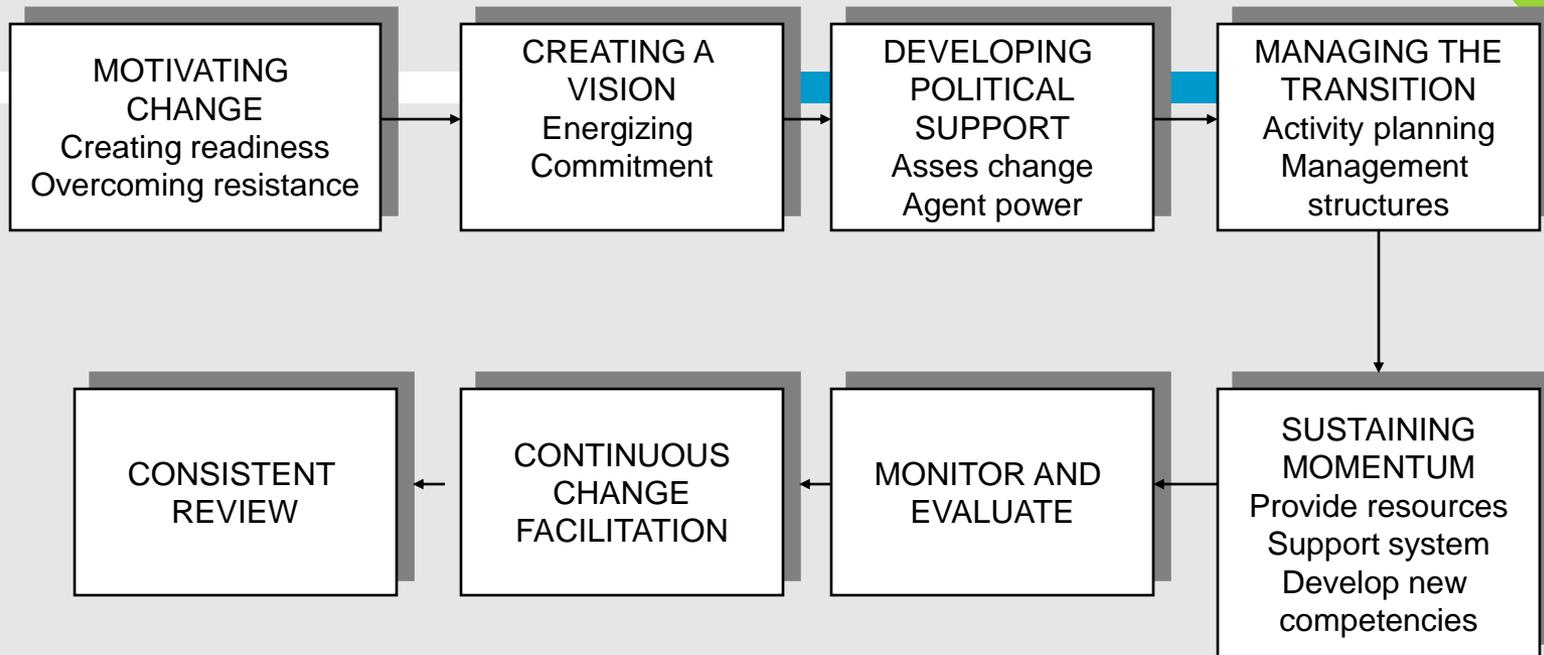

- To enhance the knowledge and expertise of Bumiputeras in all fields of study through professional programmes, research work and community service based on moral values and professional ethics.

**REACTIVE CHANGE** - change that occurs when one takes action in response to perceived problems, threats and opportunities.

# Change Management through Design Thinking

## What is Design Thinking?

**Design thinking** is a process for creative problem solving that encourages organizations to focus on the people they're creating for, which leads to better products, services, and internal processes.

# Foundations of Design Thinking

## BACKGROUND

- Popularized by Tim Brown and David Kelley of IDEO and Stanford's d School
- Structured creative problem-solving process, but enables innovation and positive impact
- Human-centered design process – truly understand and empathize with user
